Overall Length:

1.031 inches

Largest Diameter:

0.172 inches single end

Electrical Insulation Feature:

Insulating sleeve

Identification Code Color:

Red

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Straight barrel all ends

Special Features:

22-16 gauge wire

Material:

Plastic insulation

Surface Treatment:

Tin conductor accommodation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
