Body Style:

Block type

Board Construction:

Solid construction

Mounting Facility Type And Quantity:

1 friction

Terminal Pattern Arrangement:

Random

Material:

Plastic melamine board

Material Specification:

Mil-p-15037, type gmg military specification single material response board

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A011b0

Mil-std (military Standard):

Mil-p-15037 spec.
