Overall Length:

2.120 inches

Overall Height:

0.620 inches

Overall Width:

0.880 inches

Mounting Configuration:

Two mtg holes located 1.750 in. C to c

Unit Type:

Channel

Mounting Method:

Hole

Wire Accommodation Quantity:

1

Wire Accommodation Size:

1 hole, 0.500 in. Dia

Material:

Aluminum alloy, qq-a-200/8, 6061, t6

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8, 6061, t6 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type 2 military specification single treatment response

Surface Treatment:

Anodized, mil-a-8625, type 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T174-b

Mil-std (military Standard):

Mil-a-8625 spec.
