Overall Length:

1.083 inches

Overall Width:

0.375 inches

Material Thickness:

0.042 inches

Maximum Conductor Size Accommodated:

10 awg

Electrical Insulation Feature:

Insulating sleeve

Mounting Method Style:

Hook

Mounting Tongue Width:

0.375 inches

Mounting Facility Thickness:

0.042 inches

Identification Code Color:

Yellow

Mounting Slot Width:

0.201 inches

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Recessed barrel single end

Material:

Plastic insulation

Surface Treatment:

Tin except insulation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
