Current Rating In Amps:

20.0

Voltage Rating:

300.0 volts

Wire Size Accommodated:

Between 12.000 awg and 22.000 awg

Special Features:

Thermoplastic polyester, 1.000 in. Lg. Number terminal posn is 6. Terminals are bright acid-tin plated brass. Screws are cadmium plated brass screws are cadmium plated steel, 3-48unc. Center spacing is 0.200;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
