Width Across Flats:

0.042 inches

Overall Height:

0.084 inches

Maximum Height Above Mounting Surface:

0.125 inches

Electrical Insulation Feature:

Uninsulated

Basic Shape Style:

Compression

Conductor Accommodation Type:

Bifurcated u-fork single end

Material:

Copper alloy

Surface Treatment:

Tin single layer or lead single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
