Overall Length:

0.829 inches

Overall Width:

0.291 inches

Material Thickness:

0.078 inches

Maximum Conductor Size Accommodated:

18 awg

Electrical Insulation Feature:

Insulating sleeve

Mounting Method Style:

Open slot w/lip

Mounting Tongue Width:

0.291 inches

Mounting Facility Thickness:

0.031 inches

Identification Code Color:

Red

Mounting Slot Width:

0.146 inches

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Recessed barrel single end

Material:

Copper conductor accommodation plastic polyamide insulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
