**Overall Length:**

0.650 inches

**End Application:**

Antena coupler group (oc-334/trc)

**Special Features:**

Lockwashers are phosphor bronze and crimp ferrules are annealed copper alloy

**Material:**

Copper alloy 360

**Material Specification:**

Qq-b-626, alloy 360 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A536x0
