Mounting Method Style:

Press fit

Basic Shape Style:

Tubular, round

Conductor Accommodation Type:

Double turret single end

Material:

Copper alloy conductor accommodation

Material Specification:

Qq-b-626 military specification single material response

Surface Treatment:

Copper single layer

Surface Treatment Specification:

Mil-f-14072 military specification single treatment response conductor accommodation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0

Mil-std (military Standard):

spec.
