Overall Length:

1.078 inches

Overall Width:

0.469 inches

Material Thickness:

0.033 inches

Electrical Insulation Feature:

Insulating sleeve

Mounting Method Style:

Ring

Mounting Tongue Width:

1.078 inches

Identification Code Color:

Blue

Basic Shape Style:

Solder

Conductor Accommodation Type:

Straight barrel single end

Material:

Plastic polyamide insulation

Surface Treatment:

Tin single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
