**Overall Length:**

1.000 inches

**Overall Height:**

1.300 inches

**Overall Width:**

0.301 inches

**Operating Temperature Range:**

-55.0/+125.0 degrees celsius

**Current Rating In Amps:**

20.0

**Criticality Code Justification:**

Feat

**Special Features:**

Body material polyetherimide; color green per dac approval; contacts and retention clip material is single piece beryllium copper; wire seal grommet material is silicone rubber, 35-55 shore a hardness; the contact clip retention spring and bus assembly shall be gold plated

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A510r0
