**Overall Length:**

1.220 inches

**Overall Width:**

0.280 inches

**Material Thickness:**

0.032 inches

**Largest Width:**

0.280 inches all ends

**Electrical Insulation Feature:**

Insulating sleeve

**Mounting Method Style:**

Straight two hole

**Mounting Tongue Width:**

0.280 inches

**Center To Center Distance Between Mounting Holes Along Length:**

0.310 inches

**Basic Shape Style:**

Solder/solderless

**Conductor Accommodation Type:**

Flat lug slotted w/one hole all ends

**Material:**

Copper alloy

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A006b0
