Overall Length:

2.500 inches

Overall Width:

0.672 inches

Material Thickness:

0.125 inches

Electrical Insulation Feature:

Insulating sleeve

Identification Code Color:

Green

End Application:

Nuclear power plants

Basic Shape Style:

Crimp

Special Features:

Naval nuclear propulsion program

Material:

Copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
