Overall Length:

2.560 inches

Overall Width:

1.300 inches

Material Thickness:

0.040 inches

Mounting Method Style:

Straight one hole

Basic Shape Style:

Solder/solderless

Conductor Accommodation Type:

Clamping tang ears single end

Special Features:

Surface finish is process m230 per mil-f-14072 (electrodeposited tin-lead plate)

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
