Overall Length:

2.525 inches

Overall Width:

0.903 inches

Material Thickness:

0.125 inches

Electrical Insulation Feature:

Insulating sleeve

Mounting Method Style:

Ring

Identification Code Color:

White

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Recessed barrel all ends

Special Features:

stud size diameter is 0.525 inches

Material:

Copper except insulation

Surface Treatment:

Tin single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
