Boardlength:

73.0 millimeters

End Application:

Imcs (integrated machinery control system) trump, wago corporation

Current Rating In Amps:

24.0

Feedthru Terminal Quantity:

4 single combination

Special Features:

Rated voltage - 800; rated surge voltage 8 kv; color - grey

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A011b0
