**End Application:**

Aircraft, f-16

**Special Features:**

length of terminal board is 0.500 inches diameter, width of terminal board is 0.407 inches diameter; part number 4825c59h03, is used to make part number 4825c59g03 with is the assembly.

**Material:**

Copper alloy board

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A011b0
