Overall Length:

0.672 inches

Overall Width:

0.218 inches

Material Thickness:

0.033 inches

Electrical Insulation Feature:

Insulating sleeve

End Application:

Tdass repair equipment

Basic Shape Style:

Crimp

Conductor Accommodation Type:

Recessed barrel single end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
