Width Across Flats:

2.000 millimeters

Overall Height:

4.900 millimeters

Maximum Height Above Mounting Surface:

2.900 millimeters

Electrical Insulation Feature:

Uninsulated

Basic Shape Style:

Compression

Conductor Accommodation Type:

Slant lug w/one hole single end

Product Name:

Test point

Special Features:

Black used as a terminal on pc boards for attachment of scope probes, etc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
