Overall Length:

0.531 inches

Overall Width:

0.281 inches

Material Thickness:

0.016 inches

End Application:

Testing bench, sada, communication system

Basic Shape Style:

Solder

Material:

Copper alloy

Surface Treatment:

Tin single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
