Current Type:

Ac or dc

End Application:

Wp5000 contro, electric power generation system

Current Rating In Amps:

20.0

Voltage Rating:

600.0 volts

Mounting Method:

Track

Wire Size Accommodated:

Between 22.000 awg and 12.000 awg

Special Features:

Miec terminal block of self-extinguishing, polyamide 6.6 housing material, nickel-plated terminals and stainless steel screws, high copper content copper-alloy; insulation temperature range: -40 degrees c to +90 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510r0
