End Application:

Rigid inflatable boat

Conductor Accommodation Type:

Threaded external single end

Product Name:

Power post high amperage cable connector 3/8"

Special Features:

Tincludes base of glass reinforced nylon, stainless steel stud and nuts; length of base is 3.300", width of base is 1.750"; two mounting holes for 1/4" screws, voltage rating is 48 volts dc max; weight is 0.27lbs

Material:

Stainless steel conductor accommodation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
