Overall Length:

0.810 inches

Quick Disconnect Style:

Semi ball

Err Default:

Err default

Electrical Insulation Feature:

Uninsulated

End Application:

NSN2-32-001-3189

Basic Shape Style:

Snap

Conductor Accommodation Type:

Barrel w/ear single end

Product Name:

Snap plug

Special Features:

Wire range: 18-14 awg; 0.018 material thickness; insulation support; can be molded; uses regular wire;

Material:

Copper alloy

Surface Treatment:

Tin single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
