Operating Temperature Range:

-40.0/+70.0 degrees celsius

End Application:

Eurofighter ef2000

Block Type:

Regular

Current Rating In Amps:

3.0

Special Features:

8 electromechanical relays; isolated input-output (2500 vrms breakdown isolation); nonlatching, spst relays, normally open

Precious Material And Location:

Contact plating gold

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A510r0
