End Application:

MK31-,T-RUC-K,TR

Product Name:

Mx150 receptacle terminal

Special Features:

Nha is connector, p/n 3kp74; mating terminal shown on molex drawing sd-33000-001; wire size is 1.0mmx2 according to wire specification mil-126a1

Material:

Copper alloy

Surface Treatment:

Gold

General Description:

Conductor with two crimp insulator wings one of which has three ribs; has grommet seal and cap

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
