End Application:

COMM-UN-ICA-TION

Nut Width Across Flats:

0.690 inches all ends

Product Name:

Service post connector, male stud, two conductor , bronze

Special Features:

For grounding two copper code conductors to steel structures busbars or transformers or for tapping from busbar with hex nut and washer made from high copper content hard drawn copper rod provides high strength offered with standard and long stud lengths to accommodate a variety of mounting applications wire range-taking capability minimizes inventory requirements true hex design for body and nut hex provides correct fit with socket box or open end wrenches resulting in proper torquing of electrical connection pressure bar provides secure connection on a full range of conductor combinations used with each connector providing premium wire pull-out strength UL listed for grounding and bonding and suitable for direct burial in earth or concrete

Material:

Copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
