Product Name:

Connector assembly, 90 deg, for cable sf-316

Special Features:

0.365 sma male interface; polytetrafluoroethylene dielectrics; 0.375 in stainless steel coupling nut; locking collar, transfer body, and contacts: beryllium copper with gold plate; stainless steel body with gold flash; requires specialized processing equipment and is factory installed

Material:

Stainless steel and copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A536x0
