Overall Length:

1.650 inches

Overall Width:

0.490 inches

Material Thickness:

0.040 inches

Electrical Insulation Feature:

Heat shrinkable sleeve

Mounting Method Style:

Ring

Identification Code Color:

Blue

Basic Shape Style:

Solder/solderless

Special Features:

Funneled barrel entry, deep internal serrations, brazed or overlapping seams.

Material:

Copper mounting facility

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
