Terminal Board Quantity Per Assembly:

2

Terminal Board Manufacturer Code And Part Number:

58536 a-a-59125/14 cl 8tb-10

End Application:

Pvtv totem aur p/n 7651672

Contact Terminal Quantity:

10

Product Name:

Relay/terminal board assembly

Special Features:

Assembly has numerous items, see dwg 7339244, for parts list. Included are 3 types of electrical wire, which are silver plated conductors.

Precious Material And Location:

Conductor plated silver

Precious Material:

Silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A507p0
