**Body Length:**

6.930 inches

**Body Width:**

5.750 inches

**Body Height:**

0.250 inches

**End Application:**

Rcr for navsses

**Mounting Configuration:**

Captive screw assembly, 12 places around perimeter of cover; screws ae no.6-32

**Product Name:**

Inavy: cover, jack box; dwg: replacement lid assembly for composite enclosure

**Special Features:**

Has 4 holes, 1.130 in. Dia; replacement ld use with nsn 5935-01-572-5631, use with part number 147-02xms-03

**Material:**

Plastic

**Material:**

Plastic

**Supplementary Features:**

Interior surfaces have electroless nickel plating; exterior surface has no plating

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T23700
