Body Length:

6.930 inches

Body Width:

5.750 inches

Body Height:

0.250 inches

End Application:

Rcr for navsses

Mounting Configuration:

Captive screw assembly, 12 places around perimeter of cover; screws ae no.6-32

Product Name:

Inavy: cover, jack box; dwg: replacement lid assembly for composite enclosure

Special Features:

Has 4 holes, 1.130 in. Dia; replacement ld use with nsn 5935-01-572-5631, use with part number 147-02xms-03

Material:

Plastic

Material:

Plastic

Supplementary Features:

Interior surfaces have electroless nickel plating; exterior surface has no plating

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T23700
