Overall Length:

1.000 inches

Quick Disconnect Style:

Tab receptacle modified

End Application:

6115-01-561-7329 generator set, diesel engine, 5.0 kw

Product Name:

Erminal, disconnect (female)

Special Features:

Terminal is fully insulated tin plated brass; parts are mechanically linked together by a disposable tab; tab size: 0.250 x 0.032; wire range: 16-14; color code: blue; max insulation: 0.170; insulation material: nylon

Specification Data:

81349-mil-std-130 method optional government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
