Overall Length:

0.953 inches

Overall Width:

0.281 inches

Material Thickness:

0.040 inches

Maximum Conductor Size Accommodated:

12-10 awg

Electrical Insulation Feature:

Insulating sleeve

Identification Code Color:

Yellow

Basic Shape Style:

Solder/solderless

Product Name:

P. I. D. G. Ring tongue wire terminal.

Special Features:

The insulation sleeve is made of nylon and is yellow in color.

Material:

Copper except insulation

Surface Treatment:

Tin except insulation single layer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
