**Overall Length:**

4.650 inches

**Overall Width:**

4.250 inches

**Operating Temperature Range:**

-32.0/+120.0 degrees fahrenheit

**End Application:**

Fast response cutter b (frc-b)

**Block Type:**

Regular

**Mounting Method:**

Screw

**Features Provided:**

Indicator light

**Terminal Design:**

Feedback

**Product Name:**

Module, relay output, intelligent

**Terminal Type And Quantity:**

9 screw

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A510r0
