Body Style:

Barrier type

Boardlength:

5.120 inches

End Application:

Lpac high voltage

Current Rating In Amps:

25.0

Product Name:

Barrier strip; (inavy) terminal board 10 po

Special Features:

Barrier strips 10p.437in dr barrier, w/bnd screw; always eu rohs/elv compliant; centerline: 0.4375in; 10 positions; mount angle: vertical; mounting ears: with; brand: buchanan; wire range: (22-14) awg; barrier style: double row, dual barrier

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A011b0
