**Overall Length:**

0.986 inches

**Thru-hole Diameter:**

0.067 inches

**Maximum Conductor Size Accommodated:**

16 awg

**Largest Diameter:**

0.157 inches all ends

**Electrical Insulation Feature:**

Insulating sleeve

**Identification Code Color:**

Red

**End Application:**

Link 16 alaska

**Basic Shape Style:**

Sealing sleeve

**Product Name:**

Insulated butt splice

**Conductor Accommodation Type Style:**

Recessed barrel all ends

**Special Features:**

Has a 600.0 voltage rating.

**Material:**

Plastic vinyl insulation

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A006b0
