Overall Length:

11.0 inches

End Application:

Nuclear power plant

Unit Type:

Channel

Mounting Method:

Terminal and ring

Wire Accommodation Quantity:

1

Wire Accommodation Size:

Number 6 awg

Product Name:

No. 6 bonding harness

Special Features:

Terminals em 6-25r tin plated copper ring terminals 3/8 inch mounting hole, solid soft copper wire body

Material:

Copper

Surface Treatment:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T174-b
