Boardlength:

12.590 inches

Boardwidth:

1.560 inches

Base Thickness:

0.090 inches

Product Name:

Plate electrical, double terminal board mounting (type b)

Material:

Plastic phenolic board

Material Specification:

Mil-p-15035, type fbe military specification single material response board

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A011b0

Mil-std (military Standard):

Mil-p-15035 spec.
