Overall Length:

1.024 inches

Overall Width:

0.472 inches

Material Thickness:

0.031 inches

Maximum Conductor Size Accommodated:

14 awg

Electrical Insulation Feature:

Insulating sleeve

Mounting Hole Diameter:

0.252 inches

Mounting Tongue Width:

0.472 inches

Mounting Facility Thickness:

0.031 inches

Identification Code Color:

Blue

Basic Shape Style:

Crimp

Product Name:

Solderless terminal, ring tongue (r type) vinyl-insulated (flared); butted seam

Conductor Accommodation Type Style:

Straight barrel first end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
