Overall Length:

0.618 inches

Overall Width:

0.217 inches

Material Thickness:

0.020 inches

Maximum Conductor Size Accommodated:

16 awg

Electrical Insulation Feature:

Insulating sleeve

Mounting Hole Diameter:

0.126 inches

Mounting Tongue Width:

0.217 inches

Mounting Facility Thickness:

0.020 inches

Identification Code Color:

Red

Basic Shape Style:

Crimp

Product Name:

Solderless terminal, ring tongue (r type) vinyl-insulated (flared); butted seam

Conductor Accommodation Type Style:

Straight barrel first end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
