Overall Length:

0.75 inches

Overall Diameter:

0.30 inches

Largest Width:

0.30 inches all ends

Electrical Insulation Feature:

Heat shrinkable sleeve

Identification Code Color:

Blue

End Application:

An/tps-5 (v) 3

Basic Shape Style:

Heat shrinkable

Product Name:

Soldersleeve termination with lead

Conductor Accommodation Type Style:

Clamp-solder single end

Special Features:

22 gauge lead included

Material:

Plastic polyvinylidene fluoride insulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
