Overall Length:

1.130 inches

Overall Width:

0.390 inches

Material Thickness:

0.030 inches

Electrical Insulation Feature:

Insulating sleeve

Mounting Method Style:

Ring

Basic Shape Style:

Crimp

Product Name:

Insulated vinyl ring terminal for wire range 16-14

Conductor Accommodation Type Style:

Recessed barrel first end

Special Features:

Stud size no. 8; green

Material:

Plastic vinyl insulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
