Mounting Method Style:

Straight one hole

Mounting Hole Diameter:

13.5 millimeters

End Application:

4940-01-496-1038

Basic Shape Style:

Solder/solderless

Product Name:

Welding cable lug

Conductor Accommodation Type Style:

Slant lug w/one hole second end

Special Features:

Cage 0a9j3 is the oem. The barrel inside diameter is 10.2mm. The lugs are made from copper tubing.

Material:

Copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
