Overall Length:

1.85 inches

Overall Diameter:

0.450 inches

Thru-hole Diameter:

0.420 inches

Electrical Insulation Feature:

Insulating sleeve

Identification Code Color:

Blue

Basic Shape Style:

Crimp cap

Conductor Accommodation Type Style:

Straight barrel all ends

Special Features:

Ree terminal series; electro-tin plated finish; wire range 6; 105 degrees celsius temperature rating; 600 volts

Material:

Plastic insulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A006b0
