**Overall Length:**

1.296 inches

**Overall Width:**

0.531 inches

**Material Thickness:**

0.048 inches

**Largest Width:**

0.531 inches single end

**Electrical Insulation Feature:**

Insulating sleeve

**Mounting Method Style:**

Straight one hole

**Mounting Hole Diameter:**

0.328 inches

**Mounting Facility Thickness:**

0.531 inches

**End Application:**

2590-01-588-5057

**Basic Shape Style:**

Solder/solderless

**Product Name:**

Wire terminal

**Conductor Accommodation Type Style:**

Flat lug single end

**Material:**

Copper except insulation

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A006b0
