Overall Length:

1.296 inches

Overall Width:

0.531 inches

Material Thickness:

0.048 inches

Largest Width:

0.531 inches single end

Electrical Insulation Feature:

Insulating sleeve

Mounting Method Style:

Straight one hole

Mounting Hole Diameter:

0.328 inches

Mounting Facility Thickness:

0.531 inches

End Application:

2590-01-588-5057

Basic Shape Style:

Solder/solderless

Product Name:

Wire terminal

Conductor Accommodation Type Style:

Flat lug single end

Material:

Copper except insulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A006b0
