## NSN 5945-00-063-7686

Electromagnetic Relay - Page 1 of 1

| View Online at https://aerobasegroup.com/nsn/5945-00-063-7686   |
|---|
| Overall Length:   |
| 2.370 inches  |
| Overall Height:   |
| 1.590 inches  |
| Overall Width:  |
| 1.590 inches  |
| Environmental Protection:                                       |
| Hermetic  |
| Winding Quantity:   |
| 1   |
| Coil Quantity:  |
| 1   |
| Duty Type:  |
| Continuous  |
| Operating Current Rating And Type:                              |
| 210.0 milliamperes dc single winding                            |
| Operating Voltage Rating And Type At Specificationified Temp:   |
| 28.0 volts dc 25 degrees celsius single winding                 |
| Main Contact Load Current Rating At Maximum Rated Voltage:      |
| 2.0 amperes ac inductive load and 2.0 amperes dc inductive load |
| Shelf Life:   |
| N/a   |
| Unit Of Measure:  |
|   |
| Demilitarization:   |
| No  |
| Fiig:   |
| A03300  |
|   |
