Overall Length:

2.437 inches

Overall Height:

2.500 inches

Overall Width:

2.437 inches

Environmental Protection:

Hermetic

Winding Quantity:

1

Coil Quantity:

1

Duty Type:

Continuous

Operating Current Rating And Type:

0.2 amperes dc single winding

Operating Voltage Rating And Type At Specificationified Temp:

28.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

65.0 amperes ac inductive load and 25.0 amperes dc inductive load

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
