Overall Length:

4.094 inches

Overall Height:

1.438 inches

Overall Width:

2.188 inches

Winding Quantity:

2

Coil Quantity:

1

Winding Dc Resistance Rating:

800.0 ohms second winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

2 threaded hole single mounting facility

Pile-up Main Contact Form Arrangement:

3a and 3c

Mounting Facility Pattern:

In-line single mounting facility

Operating Current Rating And Type:

0.02 amperes dc all windings

Terminal Type And Quantity:

15 wire lead energizing element

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
