**Overall Length:**

1.400 inches

**Overall Height:**

2.000 inches

**Overall Width:**

1.400 inches

**Environmental Protection:**

Dustproof

**Frequency In Hertz:**

60.0

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

2.25 kilohms single winding

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

1 plug-in terminal single mounting facility

**Pile-up Main Contact Form Arrangement:**

2c

**Operating Current Rating And Type:**

1.75 milliamperes ac single winding

**Operating Voltage Rating And Type At Specificationified Temp:**

115.0 volts ac 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

10.0 amperes ac inductive load

**Main Contact Maximum Voltage Rating In Volts:**

125.0 ac

**Terminal Type And Quantity:**

2 wire lead contacts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
